Room: Committee Room 3&4

Session title : Hope Camp

Session leader : James Cattell

Volunteer to continue conversation after :

Notes taken by : Sarah Rees

<u>Notes</u>

Hopeful takeaways

- Planning data community engagement has been working well. Working in the open
- People notice we are working in the open and others will be inspired to do the same
- First govcamp- hopeful that people are open to change and prepared to do the slot to get there
- 'You can just do things'
- Codesign and coproduction
- 'hope calls from all places and codesign rocks'
- Govcamp Community that persists and brings new people in
- 'hope persists'
- Society for hopeful technologists - creating a community for people who are feeling the same.
- 'Hope togetherness'
- Working and delivering something that has been difficult in the past
- 'the strategy is delivery'

Picture hopes
- Open communication
- Job well done

- More creative and trust in others
- Sharing ideas and community
- Blossoming tree- spreading positivity and working in the open
- Prioritising
- People as a theme, connecting and talking to each other
- Hope
- Completing goals/ course
- Treasure in the box
- You act in order to Hope, hope in order to act
- Believe in yourself, believe in your team, believe in your future
- Look beyond your horizon
